

# CONQUER THE KOOTENAYS

As the darkness to the South grows fat with power, and a bitter chill on the wind heralds the dawn of winter, it would seem that all hope is lost. However; the wheel of fate will not allow this imbalance to go unchecked. An unlikely party of heroes from a sleepy town nestled in the mountains has received the blessing of the mighty God Ullr and will soon embark upon a journey that will define a new age of bottomless powder and joy for all.

Prepare yourself for a journey like no other.

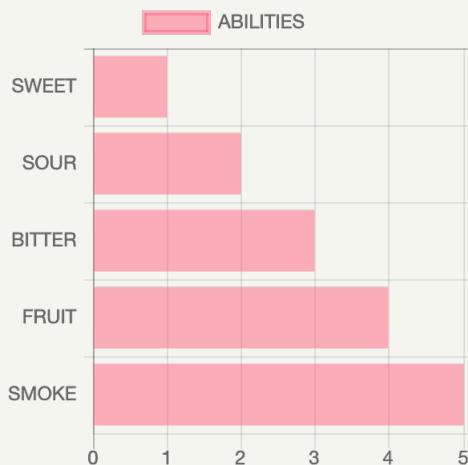

# HEROES

Step into the realm of Neldor. Evaluate and analyze carefully before you choose your character to embark on this journey into the Kootenay wilderness.

Each hero has strengths and weaknesses alike and only the most courageous heroes will have the resilience to endure your foes in your attempt to Conquer The Kootenays, leaving your enemies behind.

You will find a graph outlining the strengths and abilities of your selected character attached to each image; like the example you see below.

## BRITTANICA THE BITCH

Cazadores Tequila, 400 Conejos Mezcal, lime juice, agave nectar, passion fruit habanero foam (contains egg white). Formerly 'It's Britney Bitch'.

Brittanica is a creature of the night, banished to the shadows many years ago. She may seem fruity and friendly but she packs a hefty punch, not to be trifled with. A perfect character to start your adventure into The Kootenay wilderness.

\$16

### DNAMRA THE HOARDER

\$15

Appleton Estate Signature Rum, Kahlua, Amaro Montenegro, No 6. espresso, Angostura Bitters, marscapone, egg white.

A cave dwelling creature of solitude who keeps his riches hidden away. Upon closer inspection, this bitter old goblin has a priceless sweet treat to share with you, if you can pry it from his cold dead claws.

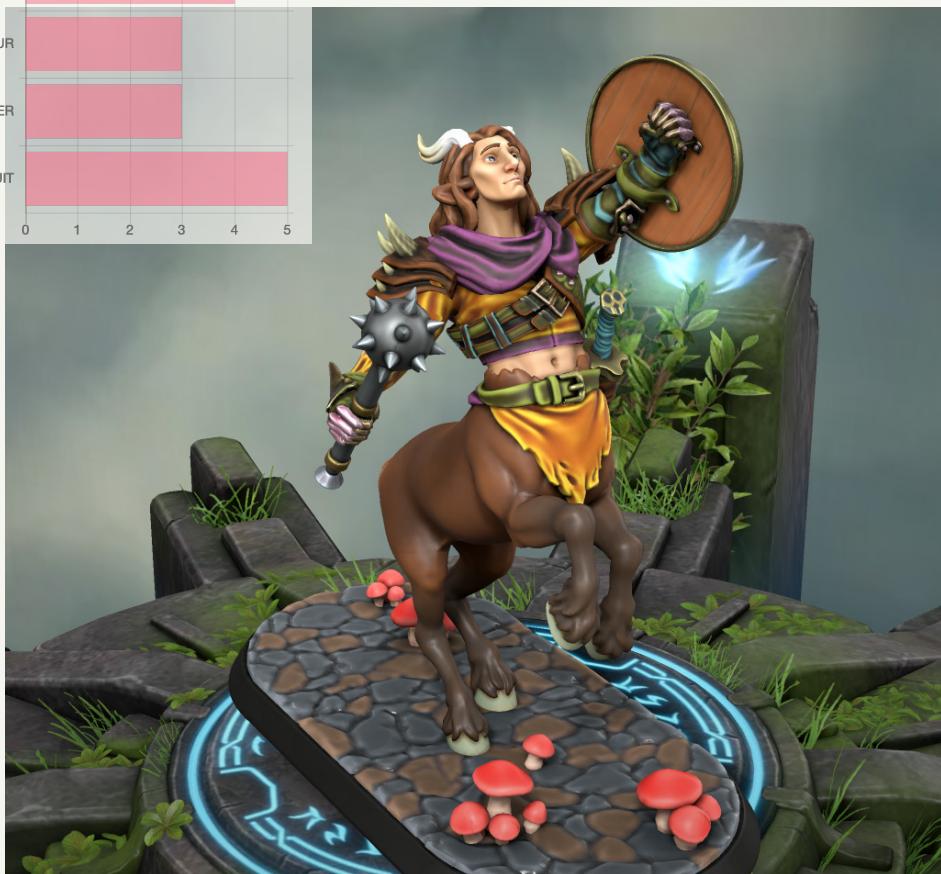

### GRANTLY STRONGBOTTOM

\$10

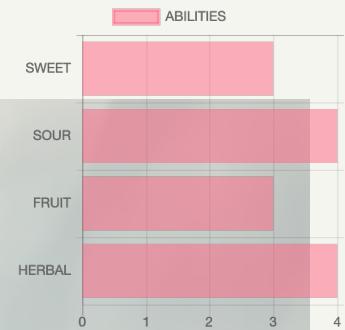

Peach Schnappes, orange juice, lemon juice, sparkling wine. (SLUSHY)

Your friendly five and half armed mountain ogre amputee, a perfect hero for anyone from all walks of life easing into their journey... If he's a little too fruity for you, try introducing him to a cold tankard of lager. That ought to loosen him up.

**JACQUES LAFLEUR THE PROVOCATEUR** \$15  
 Cazadores Blanco Tequila, Luxardo Maraschino, pineapple juice, lime juice, blueberry, pineapple star anise bitters, soda water.

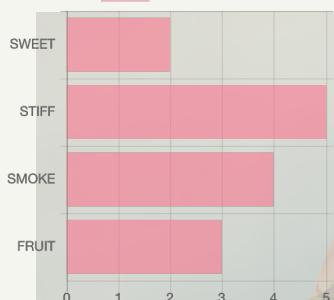

Some say he's half horse half man, others say he's more of a 70/30 split, but either way...He's one horsey bastard.

**DALLANICUS DESTROYER OF SOULS** \$14  
 Earl Grey infused Tanqueray Gin, apricot brandy, lemon juice, simple syrup, egg white, plum bitters.

A slithery serpentine lurking in the orchards ready to suprise its prey. An unsuspecting hero that most foes will underestimate. Do not make the same mistake.

ABILITIES

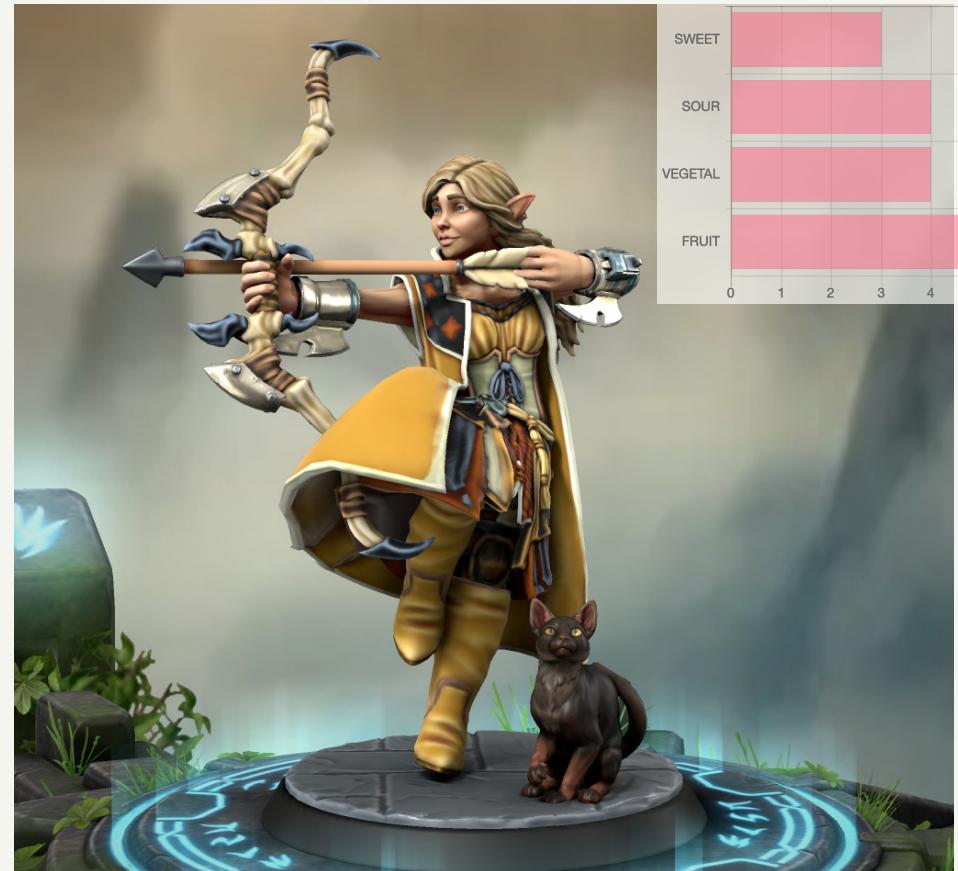

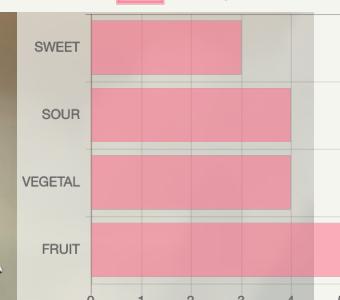

## DONALDINHO GAUCHO

Fig & vanilla infused 400 Conejos Mezcal, Amaro Montenegro, Cynar, dry vermouth, Peychaud's Bitters.

\$16

Armed with his weathered staff, dwelling deep below the city in the sewers of Nelson, where no one dares to venture. This pepperoni loving Ninja Turtle is as tough as they come. A little gruff and bitter up front, but a smooth tender (yet powerful) lover as you get to know him with time.

ABILITIES

## LAURORA BOREALIS

Pineapple Rum, Controlled Entropy Amaro, red pepper honey, lime juice, fennel bitters.

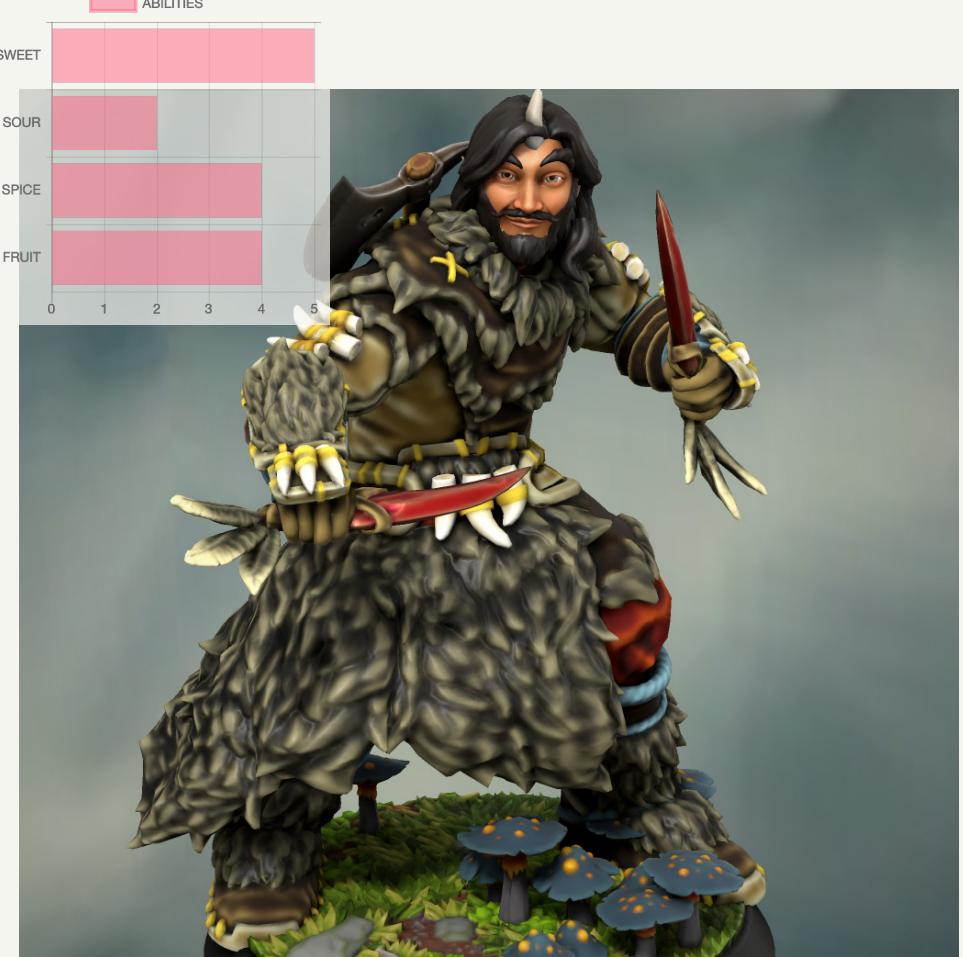

\$15

A sweet Elven Princess with a sinister side hustle. Accompanied by her trusty feline side piece, this unlikely duo storms into battle with a barrage of arrows and claws.

**MAGDALENE QUEEN OF THE FOREST** \$15  
 Diplomatico Mantuano, grapefruit shoju, lime juice, spicy ginger honey, sumac kiwi bitters.

Magdalene is a tart magestical mystic that's sure to light the way on your journey into the forest. Add a little spice and variety to your life by selecting Magdalene for your campaign.

**BRANDON THE BRUTE** \$15  
 Calvados Brandy, dry vermouth, apple cinnamon cordial, lemon juice, apple blossom bitters, thyme, sparkling wine.

He may seem like a brazen back alley bandit, ready to appear and commandeer your fresh kicks; but he is so much more than that. Quick of hand and spicy of tongue; this ne'er-do-well is a dual wielding rogue ready to ruin the days of your enemies. He woke up hungover and chose violence.

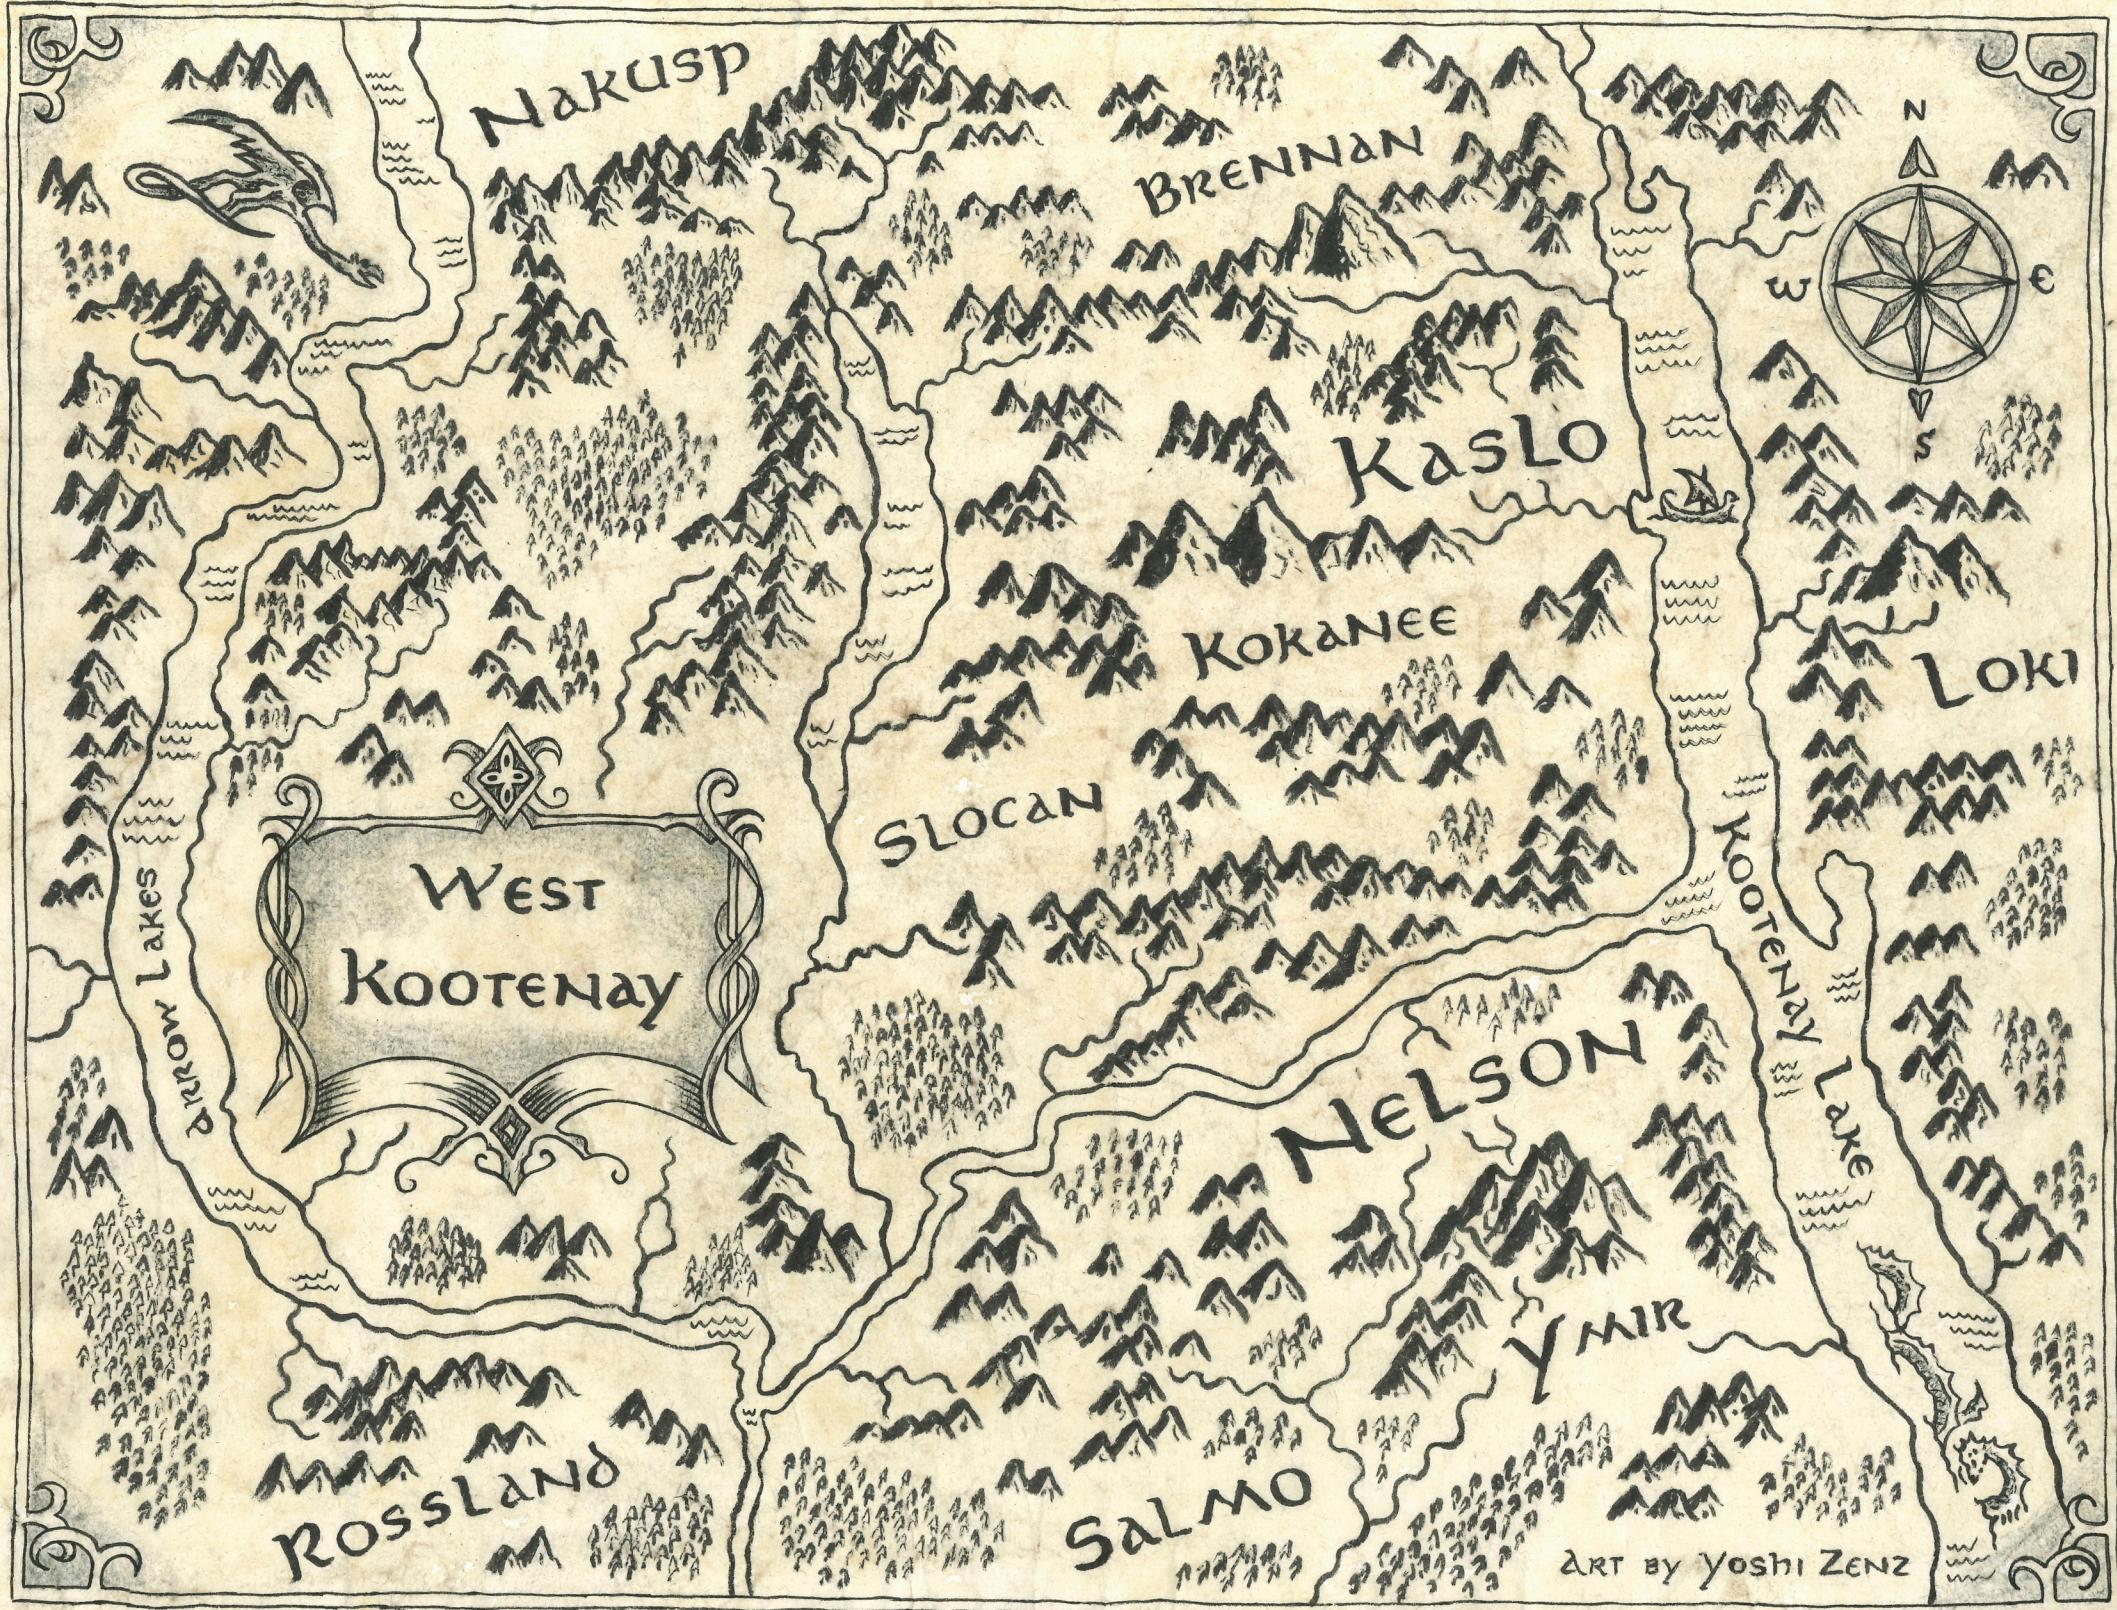

## ALEJANDRO THE ARBORIST \$15

Canadian Club Rye Whisky, Courvoisier VS Cognac, lemon juice, simple syrup, Peychaud's Bitters, Raspberry Merlot foam.

What Alejandro lacks in depth perception, he makes up for in girth. If you're looking for a stout seasoned woodsman then this is the character for you. As strong as an ox, as thick as Guinness, with a little fruity flair to boot.

Lives in Mom's Basement*

*We came up with the idea for this game late on a Friday night some time ago. We had just finished a 14 hour World of Warcraft raid and it was time to empty our piss jugs. We sat down for a spot of Dungeons and Dragons, when it hit us.*

*What if we combined our love for WoW, DnD, Tolkien (The holy trinity of nerd stuff) and made it into a computer game based in The Kootenays!? We knew we were onto something and had to get started right away. So we cracked open a case of red bull and yelled at Mom to heat up some hot pockets; we had to lock in.*

*With our piss jugs freshly emptied we embarked on a coding marathon, staying in the basement for so many days we ran out of vitamin D supplements.*

*We knew one thing for sure; we couldn't make the same mistake 'The Last Of Us' had. We had to make the female characters incredibly sexy, or there would be a horde of bed wetting nerds at our doorstep armed with nose bleeds and acne.*

*After months of hardwork and market research going to Game Con and VancouFur, we had made the greatest game on the planet for all to enjoy.*

*So dive in and do your best at trying to Conquer the Kootenays!*
